PRIVATE CLIENT REVIEW · RETIREMENT RISK

Tax-Smart Retirement Health & Income Checklist

稅務精明退休健康與收入檢查清單

FIVE-PART REVIEW — TICK WHERE REVIEWED

01 Tax lane

- [ ] Do I know my estimated marginal tax rate?
- [ ] Am I using VHIS, QDAP, or TVC mainly for tax saving?
- [ ] Have I checked whether the deduction is fully useful for my income level?
- [ ] Do I understand the annual deduction limits?
- [ ] Have I separated tax benefit from investment / insurance suitability?

02 Liquidity lane

- [ ] What money is liquid before age 65?
- [ ] What money is locked?
- [ ] If I retire before 65, what funds the bridge?
- [ ] How many months of retirement expenses are in cash / low-volatility assets?
- [ ] Could I pay a medical bill without selling investments?

03 Health lane

- [ ] Do I know my current medical premium?
- [ ] Have I projected premiums at 65, 70, 75, and 80?
- [ ] Do I understand reimbursement limits?
- [ ] Do I know potential out-of-pocket costs?
- [ ] Do I have a medical premium reserve?

04 Income lane

- [ ] What income is guaranteed?
- [ ] What income depends on markets?
- [ ] When does QDAP income start?
- [ ] When can TVC be accessed?
- [ ] What is my minimum monthly income floor?

05 Inflation lane

- [ ] Have I stress-tested expenses at 2%, 3%, and 5% inflation?
- [ ] Have I separated general inflation from medical inflation?
- [ ] Have I tested 25–35 years of retirement?
- [ ] Have I included spouse / parent support?

SCORING

SCORE	MEANING	ACTION
0–8	🔴 **High retirement cash-flow risk**	Book Retirement Pulse X-Ray
9–16	🟠 **Partial plan**	Review sequence and liquidity
17–24	🟢 **Stronger map**	Annual stress test
25+	🔵 **Strategy-ready**	Maintain and update assumptions
